## PRINTED COPY POSTED/COURIERED TO YOU

Dispatching resources electronically reduces admin and postage costs. Ratpack Resources will only be available electronically as posting an issue every month will work out to be very expensive.

**An added bonus to receiving the issues electronically is that the PDFs are not secured, so you are able to cut and paste the document and/or manipulate it as you like.**

If you are totally opposed to receiving the documents electronically, please contact our office and we will let you know the cost of printing and postage: [macratadmin@macrat.co.za](mailto:macratadmin@macrat.co.za)
